

JERICHO

Freedom, Freedom

I can see a warrior arise
Against your wall of Jericho stone
You have no choice
You will crumble as you cry
I can see the heroes clap their hands
In time to the marching of the bands
Of militants who have arrived
To tear you down

*So take your stand
Draw your battle lines
Let your eyes betray
What your heart denies
Swallow your fear and all your pride
You won't go down without a fight
Or an audience to cheer you as you fall
And watch you die*

I can see the cracks beneath our feet
Everyone fleeing from the streets
Where bloody victory had bled into our aging dreams
And all these foreign archers at your walls
Catching up their arrows to their bows
And everything they aim at surely tears out
Part of me

*So take your stand
Let the red flag fly*

*And your eyes betray
What your heart defies
Swallow your fear and all your pride
You won't go down without a fight
Or an audience to cheer you as you fall
Or take your side*

*Swallow your fear and all your pride
You won't go down without a fight
Or an audience to cheer you as you fall
And take your side
Or an audience to cheer you as you fall
And take your side*
