

## YOU MADE ME SO

I am a wandering flame  
Burning a hole in your arms  
I am a lonesome star  
Catching your eyes to the heavens  
I am a mess of dreams  
Coiled around your heart  
And I am who I am  
'Cos you made me so

I am a highland queen  
Riding the wings of the dawn  
I am a maiden's sigh  
Finding new words for her love song  
I am the warrior's rage  
Bracing his sword for a fight  
And I am who I am  
'Cos you made me so

*And I am a river  
Racing to the sea  
And I am a whisper  
Drifting on the breeze  
And I'm a rose with a thorn  
A blood red glow  
Just to rival the sun in his morning robes*

I am the mountain's pride  
Warring against the wind  
I am the blind man's cry  
Raising his arms in surrender

I am the watchman's child  
Straining his eyes in the night  
And I am who I am  
'Cos you made me so

*And I am a soldier  
Clothed in victory  
My arms carry freedom  
Far across the seas  
And I'm a rose with a thorn  
A blood red glow  
Just to rival the sun in his morning robes*

And I am the writer's pen  
Scrawling across the page  
My life is an open book  
Story without an age  
I'm a light in the darkness  
A hope for the hopeless

*And I am a smile  
Waiting to be seen  
My life's like the butterfly  
Eager to stretch its wings  
Upon a rose with a thorn  
A blood red glow  
Just to rival the sun*

*And I am a river  
Racing to the sea  
My life's like a whisper  
Drifting on the breeze*

*And I'm a rose with a thorn  
A blood red glow  
Just to rival the sun in his morning robes  
Just to rival the sun in his morning robes*
